### **Magical hydrangea: beautiful for 150 days**

The Hydrangea macrophylla Magical® is a visual feast. The plant is compact and has an outstanding lifespan. The colour of the flowers develops beautifully, from a hydrangea with bright colours through to a houseplant with magnificent autumnal tones. This means that you can enjoy the Magical® hydrangea 150 days a year.

## Magical hydrangea: beautiful for 150 days

- Changes the colour
- Outstanding quality
- Lovely gift

### Availability

The Magical® hydrangeas are grown in 14 cm pots.  
You can buy the plants between March and September  
at various garden centres in Danmark and abroad.

# Hydrangea range
